

April 2025

Dear District Resident:

This year Spring Recess is from April 18th – 25th. Students will not be in school this week and will return on April 28th. We hope everyone has a safe and fun vacation with your friends and family. We wish all of you all a restful vacation with your children and look forward to welcoming them back to conclude another great school year!

The Board of Education adopted the budget in March. They reviewed a spending plan with a 3.88% increase for the 2025-26 school year. The budget also includes a 3.19% tax levy increase, which is the allowable tax levy limit. In addition, one proposition is part of the upcoming vote for the purchase of buses. The process of creating a budget is a year long process that can only be accomplished by collaborating as a team. When creating the budget, we focus on current programs while exploring new opportunities for students.

As always, the district will keep children as the center for our decision making throughout the budget process.

Dr. Cheryl J. Venettozzi
Superintendent of Schools
