Kenneth Smith
Director of Facilities II
(315) 865-7213

Christopher Roberts
Transportation Supervisor
(315) 865-4103

Dear Golden Knights,

I hope everyone is healthy and enjoying the great weather we have had so far this summer! This week, we have received guidance from the New York State Education Department and the New York State Department of Health regarding schools reopening in the fall. With the guidance released from NYSED and the DOH, Districts are required to create plans that include remote (on-line) instruction, in-person instruction and a hybrid model (a combination of in-person and remote instruction). We are asking you to complete a survey for each student so we can utilize this information to continue our planning for the 2020-2021 school year. The survey can be found on the main page of our District website at www.hpschools.org. If you need a hard copy, please contact the District Office at (315) 865-7221. We will have a plan in place that follows the guidance released to address our instructional program, transportation, food service and the health and safety of our students, staff and the community.

Over the summer, we will continue to provide virtual learning opportunities for our students to enhance their reading skills and engage in some challenging and enriching educational experiences. Please check our website where we have various educational opportunities for our students to participate in and keep them engaged in learning over the summer.

We have also posted locations for summer meal programs. These offerings are available for our community during this time of need.

With the guidance we have received, we will continue to work diligently in our planning to ensure we have plans in place, which provide our students and staff with a safe, secure environment and facilities to accommodate the needs of our students. Enjoy the summer and stay safe.

Sincerely,

Jason P. Evangelist
