HOLLAND PATENT CENTRAL SCHOOL DISTRICT Organizational Professional Learning Plan 2019-2020

Vision

It is the philosophy of the Board of Education of the Holland Patent Central School District that the fundamental purpose of the School District, and all of its resources, is to provide the means for educational development of all eligible students residing and/or enrolled within the district to their fullest potential. District schools shall act as dedicated, professional partners with the home and community in the development of each student in mind, body, and social consciousness. Holland Patent will continue to embrace a safe and caring environment focused on preparing all students for careers and college with mastery of common core curriculum and 21st century skills.

Introduction

The intent of the Professional Learning Plan for the Holland Patent Central School District is to ensure that all district educators are provided with the staff development opportunities that ultimately improve student learning and achievement. In doing so, these activities and opportunities will increase educators' knowledge and skills, improve their instructional practices, and allow for up-to-date awareness of local and state standards, regulations, and initiatives. The Professional Learning Plan describes a vision of adult learning that is collaborative, continuous, and embedded in daily practice. This plan builds on and strengthens the successes already evident in the district and supports adult learning by providing a framework that affords every educator an opportunity to enrich their instructional practices.

To determine the professional learning needs of the district, multiple data sources were used. The PLP Committee consists of at least two representatives from each building, administrators, the district librarian, district technology representative, and Teacher Center director. This committee relies on input from faculty and administrators, as well as assessment scores and other data sources to necessary areas of growth for district students and educators.

The PLP has been designed to make certain that all educators have the best possible skills, content knowledge, and preparation for teaching. The professional learning goals determined for the 2018-2019 school year guide the conversations and decisions about what staff development will be the focus of the year. The coordination of the professional learning activities utilizes both available summer curriculum hours and ongoing work throughout the school year. The district also works closely with the Teacher Center to ensure there are sufficient opportunities made available to HPCSD teachers, staff, and administrators.

New York State Department Regulations and Requirements

This professional learning plan is in compliance with Commissioner Regulations 100.2 (dd) that requires each district and BOCES to collaboratively create professional learning plans that are reviewed annually. Additionally, professional learning activities outlined in this plan provide teachers with the opportunities needed to meet and maintain the Continuing Teacher Leader Education (CTLE) requirements as defined by The Board of Regents in Subpart 80-6 of the Regulations of the Commissioner of Education to implement Chapter 56 of the Laws of 2015 relating to the registration process for any holder of a classroom teaching, school leader and teaching assistant certificate that is valid for life (Permanent, Professional and Level III Teaching Assistant) and the establishment of Continuing Teacher and Leader Education (CTLE) requirements for Professional and Level III Teaching Assistant certificate holders.

HOLLAND PATENT CENTRAL SCHOOL DISTRICT and ONEIDA-HERKIMER-MADISON BOCES will provide Professional Certificate holders with certificates acknowledging completion of workshops, trainings, and professional learning opportunities qualifying for CTLE credits. Such certificates will include: participant's name, date of workshop, number of hours, topic, and type of activity or program.

Philosophy

Professional learning at Holland Patent Central School District is a vital component of our commitment to serving our students. We are committed to high-quality, research-based professional learning to provide ongoing growth for practitioners within our organization, as well as to the assessment of ongoing professional learning initiatives. Professional learning provided to internal employees is tailored to the needs of the individual district, and building, progresses across grade levels (Pre K-graduation) and when appropriate, is continuous and sustained.

We strive to provide professional learning in alignment with the New York State Professional Learning Standards (<http://www.highered.nysed.gov/tcert/pdf/pdstds.pdf>):

1. **Designing Professional Learning:** Professional learning design is based on data; is derived from the experience, expertise and needs of the recipients; reflects best practices in sustained job-embedded learning; and incorporates knowledge of how adults learn.
2. **Content Knowledge and Quality Teaching:** Professional learning expands educators' content knowledge and the knowledge and skills necessary to provide developmentally appropriate instructional strategies and assess student progress.
3. **Research-based Professional Learning:** Professional learning is research-based and provides educators with opportunities to analyze, apply, and engage in research.
4. **Collaboration:** Professional learning ensures that educators have the knowledge, skill, and opportunity to collaborate in a respectful and trusting environment.
5. **Diverse Learning:** Professional learning ensures that educators have the knowledge and skills to meet the diverse learning needs of all students.
6. **Student Learning Environments:** Professional learning ensures that educators are able to create safe, secure, supportive, and equitable learning environments for all students.
7. **Parent, Family, and Community Engagement:** Professional learning ensures that educators have the knowledge, skill, and opportunity to engage and collaborate with parents, families, and other community members as active partners in their children's education.

HOLLAND PATENT CENTRAL SCHOOL DISTRICT Organizational Professional Learning Plan 2019-2020

8. **Data-driven Professional Practice:** Professional learning uses disaggregated student data and other evidence of student learning to determine professional learning needs and priorities, to monitor student progress, and to help sustain continuous professional growth.
9. **Technology:** Professional learning promotes technological literacy and facilitates the effective use of all appropriate technology.
10. **Evaluation:** Professional learning is evaluated using multiple sources of information to assess its effectiveness in improving professional practice and student learning.

Organizational Professional Learning Goals

Goal 1: Instructional

Ensure that all staff develop the skills, knowledge, and strategies to effectively implement curriculum and best instructional practices. Programs and instructional practices will be aligned with NYS Learning Standards.

Objectives:

1.1 Provide opportunities and support to help elementary staff understand and develop reading and writing units aligned with the Next Generation Learning Standards using the Lucy Calkins Units of Study framework.

1.2 Provide opportunities for staff in 7-12 content areas to enhance their content knowledge, align curriculum, and develop teaching strategies that increase student achievement, promote student engagement, and understanding in their respective disciplines.

Goal 2: Data Driven Instruction

Develop each teacher's ability to understand and use student data to inform their teaching, differentiate instruction, and improve student achievement.

Objectives:

2.1 Provide teachers with the opportunity to interact with student data to increase their comfort, familiarity, and utilization of these sources to make informed, data-driven instructional decisions.

Goal 3: Technology

Develop personalized professional learning opportunities in order to support teachers in risk-taking, collaboration, and ongoing learning of technology skills.

Objectives:

- 3.1 Provide training and support to increase the incorporation of Google Applications for Education to enhance instructional practices and learning, particularly with the use of 1:1 Chromebooks. Align ISTE standards to grade level competencies K-12.

Goal 4: Executive Functioning Skills

Expand each teacher's knowledge and understanding of executive functioning skills and their role in student learning in order to promote student-centered instructional practices, increase student engagement, and develop students' skills.

Objectives:

- 4.1 Provide ongoing professional learning to develop teachers' understanding of executive functioning skills and opportunities to apply this knowledge to their daily classroom practices.

Provisions for Mentoring Program

The Holland Patent Central School District Mentoring Program is defined by Board of Education policy, as outlined below:

All new teachers at Holland Patent Central School District holding an initial certificate will complete a mentored teaching experience within their first year of employment as a teacher. The purpose of the mentoring program is to provide support for new teachers, retention of teachers, and to increase the skills of new teachers.

The mentoring program shall be developed and implemented consistent with any collective bargaining obligation required by Article 14 of the Civil Service Law (i.e., the Taylor Law); however, Commissioner's Regulation does not impose a collective bargaining obligation that is not required by the Taylor Law.

In accordance with Commissioner's Regulations, the elements of the mentoring program include:

Procedure for Selecting Mentors	The mentor will be a tenured teacher with a minimum of 5 years experience who voluntarily chooses to become a mentor. In the selection process, strong preference will be given to mentor applicants from the same building, subject area or grade level as the intern. The mentor/mentee subcommittee will recommend mentor candidates to the superintendent for appointment.
---------------------------------	--

HOLLAND PATENT CENTRAL SCHOOL DISTRICT Organizational Professional Learning Plan 2019-2020

<p>Role of the Mentors</p>	<p>The mentor will build a trusting relationship with the mentee, creating a confidential and risk-free environment in which the mentee is able to ask questions and share concerns as they navigate their first year as a teacher. The mentor will:</p> <ul style="list-style-type: none"> ● Initiate and commit to at least 40 minutes of communication weekly. ● Consult the calendar / checklist of recommended topics to be covered with the mentee. ● Complete and submit a log of contact. ● Attend the August New Teacher meeting. ● Attend 3 Mentor Roundtable meetings over the course of the year.
<p>Preparation of Mentors</p>	<p>Mentors will attend a district-approved workshop. The workshop will focus on: the role of the mentor, providing a supportive environment, confidentiality, parent/teacher conferencing, professionalism, and adult learning theory.</p>
<p>Types of Mentoring Activities</p>	<p>The mentor and new teacher program will include a wide-range of activities. The mentor will model instruction, visit the mentee’s classroom, plan with the mentee, provide orientation to the new school district, share best practices on classroom management, provide guidance on IEPs and on parent conferencing. The mentor and mentee will communicate a minimum of once a week. During the weekly meetings, the mentor and mentee will consult the calendar/checklist of key items and provide other support as appropriate.</p> <p>The mentor/mentee will visit (informally observe) each other for a total of eight times. The mentee may substitute visits to other teachers when either recommended by the mentor or requested by the mentee. A log of these informal observations is attached and must be completed and submitted to the coordinator on or before May 15th.</p> <p>The mentor and mentee will have up to a total of four days release time at the discretion of the building principal. The release time is for informal observations, planning the implementation on initial units, reviewing assessments, planning parent conferences, and reviewing classroom management. The procedure for requesting release time is for the mentor and mentee to submit a conference request at least one month before the date.</p> <p>The mentees also will participate in a 15-hour workshop for one in-service credit focusing on district initiatives including Learner-Focused Schools, classroom management, parent conferences, grading policies etc. (see the list of content at the end of this document). Other workshops must be approved by the HPCSD.</p> <p>The mentee is expected to complete ongoing assessments including monthly feedback forms, meetings with the mentor coordinator, journals, and end-of-the-year evaluation and documentation of participation forms.</p>
<p>Time Allotted for Mentoring</p>	<p>The mentor/mentee will communicate a minimum of one time per week either during planning periods or before or after school. In addition, the mentor and mentee will observe each other for a total of eight times and exchange</p>

HOLLAND PATENT CENTRAL SCHOOL DISTRICT Organizational Professional Learning Plan 2019-2020

	<p>feedback for each meeting. During these meetings, the mentor and mentee will review a checklist of key items and discuss curriculum and classroom management issues. In addition, each team composed of a mentor and mentee will have up to four days release time to:</p> <ul style="list-style-type: none">● Prepare unit plans during September-October● Complete informal observations● Incorporate K-5, middle and high school programs into the intern's classroom teaching● Review implementation of curriculum map● Review major assessments and develop strategies to prepare students● Analyze the results of ongoing assessments and devise appropriate teaching strategies● Participate in professional learning as approved by the district

Provisions for School Violence Prevention and Intervention Training

Holland Patent Central School District is committed to hiring teachers who have fulfilled the requirements of certification, including participation in workshops covering school prevention and intervention. Such workshops shall consist of at least two clock hours of training that includes but is not limited to, study in the warning signs within a developmental and social context that relate to violence and other troubling behaviors in children; the statutes, regulations, and policies relating to a safe nonviolent school climate; effective classroom management techniques and other academic supports that promote a nonviolent school climate and enhance learning; the integration of social and problem solving skill development for students within the regular curriculum; intervention techniques designed to address a school violence situation; and how to participate in an effective school/community referral process for students exhibiting violent behavior.

Upon request or determination of necessity, Holland Patent Central School District will provide refreshers on school violence prevention and intervention. In instructional settings, Holland Patent Central School District will also utilize the interpersonal violence prevention education package provided by the State Education Department. These materials will be incorporated as part of the health or other related curricula or programs for students in grades K through 12.

Provisions for Teachers Certified in Bilingual and English Language Learner (ELL) Education

Teachers possessing a Professional certificate in the certificate title of English to speakers of other languages (all grades) or a holder of a bilingual extension under section 80-4.3 of this Title must complete their CTLE hours with a minimum of 50 percent in language acquisition

HOLLAND PATENT CENTRAL SCHOOL DISTRICT Organizational Professional Learning Plan 2019-2020

aligned with the core content area of instruction taught, including a focus on best practices for co-teaching strategies, and integrating language and content instruction for English language learners.

Holland Patent Central School District teachers will utilize the expertise and trainings provided by the Regional Bilingual Education- Resource Network to fulfill these requirements. For all other faculty and staff, Holland Patent Central School District meets* and will apply for an exemption from the professional learning requirements in language acquisition for ELLs.

****There are fewer than 30 English language learner students enrolled or English language learners make up less than five percent of the Holland Patent Central School District total student population as of such date as established by the commissioner.***
